SUPPORTED STUDY  
CALENDAR

2021 - 2022

Our learning

Our future

Our responsibility

Dear Parent/Carer/Young Person,

I am delighted to share with you a calendar of supported study sessions in advance of the planned assessments in December and January.

Your child should inform their class teachers of the sessions they plan to attend, this will help staff organise suitable accommodation. The planned sessions will take place after school for approximately 1 hour 30 minutes. The focus for each subject is noted on the calendar.

This is a great opportunity for your child to consolidate their learning, please encourage them to attend as many sessions as possible.

Please get in touch if you have any questions relating to the study sessions or the assessment diet in general.

Regards

Mr Gardner  
Depute Head Teacher
